Bofors Away!

Sergeant Keen's Bofors crew honed their skills during the Battle of Gazala, but the retreat really **stuck in their craw**.

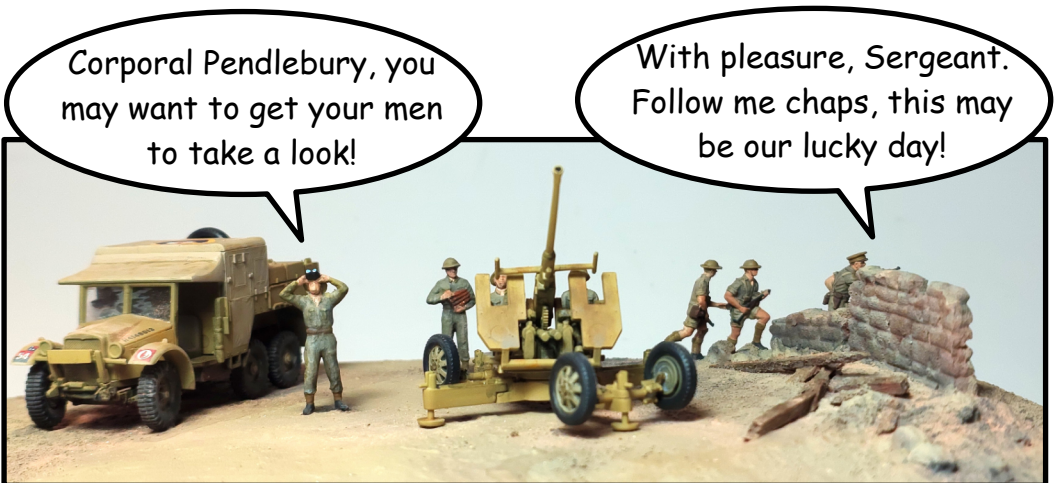

It's now June 1942. Ordered to shore up the defensive positions at El Alamein, they're ready to turn the tables on the Hun and get back to **winning this war!**

Cheeky blighter!

Corporal Pendlebury leads his team to secure the wreckage. Has the Desert Fox been caught raiding the hen house, or was this his lucky day? Find out in the next edition of **COMMAND!**
